

ENROLLMENTS IN COLLEGES ARE INCREASED

Reports From Many Universities Indicate a Larger Freshman Class Than Ever Before.

IOWA REGISTERS 7,000

Columbia University Heads the List With 31,000 Students—Pennsylvania Has 19,000.

Reports from leading educational institutions all over the country show a marked increase in the attendance this year. In most colleges the freshman class is decidedly larger.

Practically all colleges in the Middle West show this increase. This is a record-breaking year for the University of Illinois with a total enrollment of 8,352, an increase of 300 over last year. At Northwestern University there are 9,000 students, 500 more than last year. There is an increase of 780 at the University of Iowa, making a total of 7,000.

At the University of Nebraska there is a 10 per cent increase making it necessary for the legislature to provide for expansion in the future. Marquette University and DePaul University report a much larger attendance also. Michigan, Wisconsin and Minnesota describe theirs as a "moderate and normal growth."

The University of California has an increase of 600, making a total of 15,000. The University of Texas' record exceeds that of previous years.

Columbia University, in the heart of New York City, has the largest enrollment with 31,000 students. Pennsylvania has 19,000. Harvard opened its two hun-

dred eighty-seventh year with 6,000, a larger number than ever before. Dartmouth, Princeton and Yale also report increases in their enrollment.

GLEE CLUB ISN'T ALL GLEE

Organization Has Triple Function This Year, Says Alstedt.

"The Glee Club has a triple function to perform this season," said Dr. Hermann E. Alstedt, professor of Germanic languages and literature in the University, who Thursday accepted the directorship of the club for the coming year. "It must stimulate good singing of good music, it must represent the University worthily wherever it goes throughout the state, and it must do its work so well that the right kind of students may be attracted to the University."

Dr. Alstedt explained that the Glee Club will be conducted upon an educational and cultural basis, not on the basis of furnishing entertainment or amusement "for curious ears," as he said. He believes that the work of the club ought to rank above the routine work of the classroom, especially since this year no music department has been installed in the University.

"We cannot afford to send out over the state anything but the best in programs and training," he said. "And it will be my object, providing, as I have attempted heretofore, something worth while for those who seek the things worth while in music."

Only the best voices in the University will be sought, he said, and an effort will be made to make the club even larger than it was last year. He feels that musical training can and ought to take its place in the curriculum of the University, and that since no other opportunity for singing is now being offered, the Glee Club can solve the problem for those who desire work in vocal training. He has decided that no "slapstick" numbers shall find their way into the club's program this season, and promises the club a trip.

TIGERS DEFEAT BY NEBRASKA WAS EXPECTED

Huskies Have Greatest Team in Nebraska's History and One That Is Among Best in the Country.

TIGERS GIVEN WELCOME

Men Fought Hard but Were Powerless Against the Heavy Team of the Cornhuskers.

While Missouri went down to one of the biggest defeats in years Saturday at the hands of a superior football machine, Nebraska had reserves on the sideline in sufficient number to meet three full teams on the same day. There seems to be little doubt, in the minds of those who attended the Husker-Tiger fray, that the Cornhuskers have one of the best teams in the country.

The Husker formations were perfect. Every play was based on a shift and the interference formations probably have never been equaled in the valley. Dawson's men showed about the fastest moving heavy line in the history of valley football.

The sensational runs and superior head work of Captain Chick Hartley heralds him as a candidate for all-American honors while Preston, quarterback; Llewellyn and Dewitz, halfbacks; laid fair as contenders for the valley honors.

The powerful Husker offense scored at will except in the third period. The work of the Nebraska line continually opened up holes for the carrying group and downed the Tiger forward wall with a continued spiking play. Lincoln and Smith starred for Missouri, while Knight handled his punts well. Hill played a good game at end and Jimmie Palermo was the fighting bulk of the line.

The welcome given the Tigers at the Wahash station last night was one of the bits of real sportsmanship shown by the rooters, and the members of the team say they appreciated it.

SOONER-AGGIE GAME ENDS IN 7 TO 7 SCORE

Grinnell Loses to Ames When Cyclone Captain Makes 80-Yard Run for a Touchdown.

DRAKE DEFEATS PIKERS

Washington Makes Touchdown in Third Quarter in Uneven Struggle With Bull Dogs.

Under the line smashes and short end runs of Stark, Axline and Sears, the Sooners line wavered and broke in the first and second periods of the Oklahoma-Kansas Aggie game. In spite of the Aggies' offensive the Sooners goal was never in danger after the scoring of the Aggies in the first quarter.

The Oklahoma eleven braced in the second and gave the fans some thrills when they worked the ball three times to the Aggies' four-yard line. Pete Hammett, Sooners half-back, skirted the Aggies' right end for eleven yards and a touchdown. Bowels, tackle, booted a place kick, which tied the score, 7 to 7.

The Piker eleven of Coach Rider was no match for the Drake Bull Dogs, who piled up a 31-to-7 score. Washington was able to put over a touchdown in the third quarter when Thumser reeled off 15 yards through the Drake team to their 3-yard line. A pass, Thumser to Lyle, was complete.

The Piker line crumbled continually before the line backs of the Bull Dog backs. Only in the third period did Washington stem the onslaught for a short time.

Grinnell lost its chance to win over the Ames eleven when Walter, Cyclone captain, picked up a fumble and ran eighty yards for a touchdown in the last period of the game.

The Pioneers had worked the ball down the field with a series of off-tackle plays and passes when the ball was lost.

MERCEDES DESMORE HAS LEAD IN "THE CLIMAX"

Noted Englishwoman Plays Main Role in Dramatic Arts Club Production.

The leading role in "The Climax," by William J. Locke, which is to be presented November 7 under the auspices of the Dramatic Arts Club, will be played by Mercedes Desmore, an Englishwoman.

Miss Desmore was born in London, and began her dramatic career as a small child, playing with such celebrities as Ellen Terry, Sir Beerblum Tree, George Crossmith and Mrs. Lew Waller.

Her first appearance in America, eight years ago, was in the role of Joseph's sweetheart, in "Joseph and His Brethren." After the close of this successful engagement, she was selected by Margaret Illington to play opposite her in "The Lie," by Henry Arthur Jones, in which she scored a triumph in the role of the deceitful sister. More than one critic wrote of her acting as rivaling that of Miss Illington. Her next engagement was as leading woman with Lou Tellegen in "A King From Nowhere."

Recently she played with John and Lillian Barrymore in "Peter Ibbetson," with the New York production of "Three Live Ghosts" and with Mr. Lovell of London in several New York productions of Ibsen.

She is admired because she combines genuine ability and perfected technique with great personal charm.

Find Use for old Tennis Courts.
The old tennis courts south of the gymnasium, unused and grown up in weeds, have been converted into nine "barnyard golf links" and two croquet courts, under the direction of R. P. Harris, foreman of athletic grounds. Harris says that the links are particularly good for the heavier brand of horse-shoes, and believes that many persons will now learn the ancient game of quoits. In his opinion, the other athletic grounds are in better shape now than ever before at this season.
